Portfolio

## CAREER OBJECTIVE

Computer Science Engineering student specializing in Artificial Intelligence and Machine Learning, with hands-on experience in Machine Learning, Data Science, Natural Language Processing, AI automation, and intelligent systems. Experienced in developing data-driven solutions and research-oriented projects, with a strong interest in applying AI to solve real-world problems. Seeking opportunities to contribute technical expertise, analytical thinking, and continuous learning to impactful AI/ML and data-driven initiatives.

## EDUCATION

### Alliance University

07/2023 – 06/2027

Bachelor of Technology (CSE-AI/ML) - **CGPA – 9.24**

Bangalore, India

### Sri Chaitanya Junior College

06/2021 – 05/2023

Intermediate – **CGPA-9.71**

Tirupati, India

### NRI's Indian Springs

06/2020 – 04/2021

High School – **CGPA-10**

Tirupati, India

## CORE COMPETENCIES

- Artificial Intelligence & Machine Learning
- Natural Language Processing (NLP)
- Generative AI & AI Automation
- Data Visualization & Dashboard Development
- Automated Machine Learning (AutoML)
- Data Structures & Algorithms

## PROJECTS

### Grade Predictor using Machine Learning | python, Scikit-learn, NumPy, Flask 01/2024 – 05/2024

- Build a machine learning-based grade prediction system using Linear Regression with Scikit-learn, including data preprocessing, feature selection, and model training on academic datasets.
- Designed a Flask-based web interface for real-time predictions and integrated the serialized model using Pickle, demonstrating practical skills in supervised learning and ML deployment.

### AI-Powered Resume and Job Matching Platform | Python, OCR, NLP

04/2025-11/2025

- Developed an AI-powered platform using **PDF Parsing and OCR** to extract candidate information from resumes and automate skill identification.
- Implemented **Cosine Similarity** and **Rank GBM models** to match resumes with job descriptions and generate relevance-based job recommendations.

## INTERNSHIP

### Altisource Business Solutions Pvt. Ltd.

07/2026 – Present

AI Automation Intern

Bangalore, India

- Collaborated with cross-functional teams to develop, test, and optimize automation solutions while ensuring code quality and scalability.

## TECHNICAL SKILLS

---

**Languages:** Python, SQL, C.

**Developer Tools:** VS Code, GitHub, Jupyter Notebook

**Libraries & Frameworks:** Scikit-learn, TensorFlow, PyTorch, NLTK, Pandas, NumPy, Matplotlib, Seaborn.

**Web & Application Development:** MERN Stack.

**Soft Skills:** Communication, Problem-Solving, Self- Motivation, Proactive Learning, Analytical Thinking.

## CERTIFICATIONS

---

- Strategic Communication for Sustainable Development , [see credential](#)
- Compiler Design- NPTEL -2026, [see credential](#)
- Introduction to Machine Learning- NPTEL- 2025, [see credential](#)
- Introduction to Database Systems- NPTEL- 2025, [see credential](#)
- Python Certification- Hacker Rank- 2025, [see credential](#)
- Python for Data Science- Coursera- 2025, [see credential](#)
- Microsoft Certified Azure AI Fundamentals- 2025
